Andrew Grill Biography 2025

Andrew Grill is a globally recognised AI expert, futurist, and tech industry leader with over 30 years of experience driving innovation and success within technology companies.

Ranked among the world's top 10 futurist speakers and a finalist for Digital Leaders AI Expert of the Year, Andrew is renowned for delivering insightful, action-oriented keynotes that resonate with audiences worldwide.

As a former Global Managing Partner at IBM, Andrew has worked closely with board-level executives from Vodafone, Adobe, DHL, Nike, Nestle, Bupa, Wella, Mars, Sanofi, Dell Technologies, and the NHS.

His expertise spans critical topics such as AI, Web3, digital transformation, and workplace innovation, making him a trusted advisor across multiple industries.

Andrew has delivered 600 keynotes in 50 countries, captivating corporate audiences with clear strategies for leveraging AI and digital disruption.

His bestselling book Digitally Curious and his popular podcast of the same name explore how technology is reshaping society and business, offering tools to stay ahead of change.

Some of Andrew's distinctive keynotes include:

Are you ready for Generative AI? – In this rapidly changing world, artificial intelligence is having an impact everywhere. The arrival of new generative AI platforms such as ChatGPT will deeply disrupt industries everywhere, from education to finance. Are you ready for these changes, and what can you and your firm do to adapt?

From Turing to Transformers: The unfolding AI revolution - AI has been around since the 1950s, but only in the past year has it piqued the general public's interest, thanks to ChatGPT. What is the current state of AI? How did we get here, and what's next in the field of AI for every industry and job function?

The Workplace of the future under AI – The nature of work under AI is about to change, so how can you and your employees adapt and build a human-centric workplace fit for the future? What does work look like in the age of Generative AI?

Web3, The Metaverse, Crypto, NFTs, Blockchain explained - Do you have a Web3 strategy, and do you need one? Topics such as Web3, Metaverse, Crypto, NFTs, and Blockchain are all over the media – so what does it all mean should you be doing?

Becoming Digitally Curious - Do you lean forward when the latest piece of technology is discussed? This talk will equip you with ways to better use and understand technology and be ready for a digital-first world.

Disrupt or Be disrupted – What is digital disruption, how can companies prepare for disruption, and how can you have a discussion with your board about the issues? How can innovation drive digital transformation, how the network effect will drive innovation, and what can happen to your company if you become disrupted?
