

AUSTRALIAN TECH – GOING GLOBAL

Please join us for the inaugural

Nexec Leaders Tech Roadshow

Designed to help Australian technology and digital companies go global. This event is designed for technology business leaders who have a mission to scale their companies beyond the shores of Australia with a focus on UK & Europe.

A cohort of travelling and local experts will guide an interactive discussion, bringing together a targeted group of Australian Tech CEOs, directors and advisors to meet and discuss 'war stories' and key considerations involved with global expansion such as legal, tax, hiring, sales, funding and more.

This is an invitation only event and spaces are limited.
